

EASY Staph[®]

ENUMERATION OF COAGULASE-POSITIVE STAPHYLOCOCCI IN FOOD AND FEED PRODUCTS AND ENVIRONMENTAL SAMPLES

PERFORMANCE

Detection of all coagulase-positive staphylococci including enterotoxigenic strains *S. hyicus* and *S. intermedius*

SIMPLE

Single protocol for all the categories of food products

RAPID

Enumeration of coagulase-positive *Staphylococcus* within 22 hours

ECONOMIC

Direct reading of colonies surrounded with halo without confirmation

RELIABLE

Validated method by AFNOR Certification according to NF EN ISO 16140-2 standard

EASY Staph®

EASY Staph® method allows the rapid enumeration of coagulase-positive staphylococci in food and feed products and also in environmental samples

Scan me

Validated by AFNOR Certification under the reference BKR 23/10-12/15 for human food products.

(x) g of sample + 9 (x) mL of diluent ¹

SURFACE INOCULATION

Transfer 0.1 mL of sample on the surface of EASY Staph® Agar ²

POUR PLATE INOCULATION

Transfer 1 mL of sample to the bottom of empty sterile Petri dish and add approximately 15 mL of EASY Staph® Agar

Mix and let solidify

⊕ Incubation 24 ± 2 h at 37 ± 1°C

D + 1

Reading ³ and enumeration of characteristic colonies

Coagulase-positive *Staphylococcus* :
Colonies surrounded by
an opaque halo of fibrin

To know

¹ Buffer peptone water, tryptone-salt or any other diluent recommended by the corresponding part of NF EN ISO 6887 standard.

² The inoculation may be realized by spreading or spiral method in logarithmic mode with 50 or 100 µL.

³ Reading may be realized after 22 to 72 hours of incubation for pour plate inoculation and spiral method and 22 to 48 hours for surface inoculation.

To order

EASY Staph® Agar - Dehydrated base + supplement

BK216HA - 500 g bottle
BS09708 - 1 vial qsf 500 mL

EASY Staph® Agar - Pre-poured

BM18708 - 20 Petri dishes (Ø90 mm)
BM19008 - 120 Petri dishes (Ø90 mm)

EASY Staph® Agar - Kit

BT01208 - 6 vials of 190 mL of base + 6 vials of supplement qsp 200 mL

BT01308 - 6 vials of 90 mL of base + 6 vials of supplement qsp 100 mL
